LE 2025 curli Vest Harness

- ✓ step-in harness
- ✓ ultra lightweight
- ✓ 4 designs
- ✓ matching leashes
- ✓ 7 sizes

The **Harness specialist**
from Switzerland 

Function & Design

AIR MESH

- Ultra-lightweight, breathable air mesh material for maximum comfort
- About 20% lighter than the already extra-light previous model (from 33 grams)
- With cooling effect: the harness cools when immersed in water, as the stored water between the fabrics works as a heat exchanger - ideal on warm summer days

curli CLASP

- Comfortable, stress-free leashing according to a CLICK.SNAP.GO idea
- High-strength, ultra-lightweight, color-matched POM material that easily withstands tensile loads of up to 220.46 lb

3-D COMFORT FIT

- Significantly improved ergonomics and optimized fit due to new 3-D Comfort Fit pattern and new size scale
- Perfected tension distribution thanks to bands sewn into the seams of the harness
- Zig-zag seams for flexible tension distribution
- Size adjustable with Velcro to fit the body shape
- Lined buckle and therefore no pressure points

curli SAFETY

- Reflective elements on the neck for additional safety in the dark
- DogFinder ID to help you find your dog in case it gets lost

The image displays four sets of dog harnesses and leashes, arranged horizontally. Each set consists of a circular patch with a comic-style speech bubble design and a matching harness with a leash. The sets are color-coded: black, white, yellow, and teal. The circular patches feature a speech bubble with the text 'YEAH', 'WOOF', 'PAW', and 'YEE' in various colors, along with a small dog illustration. The harnesses are made of a mesh-like material with a central opening for the dog's head. The leashes are made of a similar material and have a metal clasp at one end.
